Bachelor of Computer Applications (BCA)

Aryabhatta International College of Technical Education, Ajmer

July 2021 – June 2025

---

## Technical Skills

HTML, CSS, JavaScript, React.js, Tailwind CSS

Python, Core Java, C++, C#, MySQL

---

## Projects

Employee Management System (Final Year Project – Mar 2025)

- Developed a full-featured Employee Management System for final year BCA submission.
- Backend built in Java and database handled using MySQL.
- Implemented functionality to **add, view, update, and remove employees**.
- Included **admin and user login panels** for role-based access.
- Admins could manage employees and view leave records; users could log in and apply for leave.

E-commerce Shopping Website (Dec 2024 – Jan 2025)

- Built a responsive e-commerce website using HTML, CSS, and JavaScript.
  - Integrated dummy APIs to dynamically fetch and display product data.
  - Implemented key features such as Add to Cart, Product Details View, and Category Filtering.
  - Ensured cross-device compatibility with a responsive user interface.
- 

## Experience

Web Developer Intern (Remote)

Innobyte Services

Jan 2025-Feb 2025

- Contributed remotely to web development projects focused on responsive design and user experience.
- Worked with HTML , CSS ,and JavaScript to build and optimize front-end components.
- Collaborated with the development team via online tools and participated in code reviews and task updates.
